OFFICIAL

INFORMATION DISCLOSURE STATEMENT (IDS)Mail Stop AF
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

December 1, 2003

Dear Sir:

Pursuant to 37 CFR 1.56, 1.97 and 1.98, the attention of the Patent and Trademark Office is hereby directed to the references listed on the attached PTO/SB/08. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the references be made of record therein and appear among the "References Cited" on any patent to issue therefrom.

This Information Disclosure Statement is filed responsive to the Examiner's Request for Information under 37 C.F.R. § 1.105 in the Final Official Action dated June 3, 2003.

Applicants have previously submitted a citation to the "NIKKEI MICRODEVICES" reference in the IDS filed with this Divisional application on May 9, 2001. The attached reference was previously considered in parent application serial no. 09/350,125, now issued as U.S. Patent 6,509,645B2. The Examiner was unable to locate this reference in this application, and requested that a copy be provided.

Accordingly, NO FEE IS BELIEVED TO BE DUE WITH THIS IDS, as Applicants have engaged in previous *bona fide* good-faith and timely efforts to make this reference known to the Examiner.

Application No.: 09/851,324

Docket No.: 21776-00057-US

Applicant(s) hereby petition(s) that the Information Disclosure Statement be considered.
A copy of each reference on PTO/SB/08 is attached.

A concise explanation of relevance of the item listed on form PTO/SB/08 is given below:

Spherical semiconductor elements are described in a Japanese Journal "NIKKEI MICRODEVICES" issued on July 1, 1998. Each of the spherical semiconductor elements is connected to a substrate or another spherical semiconductor element through columnar electrodes formed thereon. There is no representation of spherical conductive bumps like those in Applicants' disclosed or claimed invention.

In accordance with 37 CFR 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR 1.56(a) exists. In accordance with 37 CFR 1.97(h), the filing of this Information Disclosure statement shall not be construed to be an admission that any patent, publication or other information referred to therein is "prior art" for this invention unless specifically designated as such.

It is submitted that the Information Disclosure Statement is in compliance with 37 CFR 1.98 and the Examiner is respectfully requested to consider the listed reference.

Although no fees are believed to be due with this IDS, if any fee is due, please charge our Deposit Account No. 22-0185 for any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 22-0185, under Order No. 21776-00057-US.

Respectfully submitted,

By 

Larry J. Hume
